

SCIENCE PATHWAYS

FAITH WISDOM KNOWLEDGE

NAZARETH COLLEGE

The diagram below shows the possible pathways and prerequisites for each subject from Year 10 to Year 11 and then Year 12.

Year 10 Students

Students who are **accelerating** into a Year 11 science **do not need** to do a Year 10 science class.

Students (not accelerating) who want to do a science at Year 11 need to do **two sciences** at Year 10. **Either** two electives or one elective and core science. Students doing two electives **do not need** to do Year 10 core science. Students not doing any science elective must do core science.

Year 11 Students

It is **recommended** that students wishing to study a VCE Science Subject choose the appropriate feeder Year 10 subject, as shown below.
